MVP PLAN Sunridge launch · 60 days to first paying center

What we ship first.

The bar for v1 is "a director can charge parents on the 1st without lifting a finger, and a parent can see their kid's day from their phone." Everything else is v1.1 polish.

MUST-HAVE · SHIP BEFORE ANYONE PAYS

1

Tuition plans + auto-debit

The revenue engine. Recurring billing on rails. Card on file → 1st of month → invoice → auto-charge → retry. Without this you're still chasing 200 e-transfers.

Director sets up · Parent adds card once · runs forever.

2

Registration form (admin-built)

One form per cohort that director designs once. Parent fills, deposit charged, kid enters waitlist/approved pipeline. Same data → no double-entry into class roster.

Director builds · Parent fills.

3

Check-in / out + daily report

The daily lifeline. Already built (staff tablet). This is what makes parents check the app at 7pm.

Staff logs · Parent sees.

4

Parent payment surface

Invoice list + one-tap pay + autopay status. Drops "where's my invoice?" calls to zero.

Parent self-serve.

5

Classroom & roster control

Director moves kids between rooms, sees per-room logs, approves curriculum. The center's daily org chart.

Director · Staff.

HOW TUITION PLANS WORK · THE LOOP

The data model

- 1. **A Tuition Plan** is a template — e.g. "Toddler · Full-time · \$1,400/mo, billed monthly on the 1st."
- 2. **Each child** gets assigned exactly one plan when registration is approved.
- 3. **Discounts** (sibling, subsidy, custom) attach to the child, not the plan — same plan, different effective rate.
- 4. **Invoices** are auto-generated on the billing day from the plan + active discounts.
- 5. **Auto-debit** runs at midnight on the due date if a card is on file. Retries at +24h and +72h on failure.
- 6. **No card?** Email + in-app reminder · escalates to "overdue" pill on day +5.

Monthly cycle · automated

Day -5	Reminder	In-app + email: "Your \$1,200 invoice posts in 5 days"
Day 1	Invoice issued	Auto-generated for every active child · sent to payer
Day 15	Reminder	If unpaid, nudge with one-tap pay link
Day 31	Auto-debit	Card on file charged at 23:59 · invoice marked paid
Day 32+	Retry + escalate	Two retries · then "Overdue" status + director alert

V1.1 · AFTER 5 CENTERS SIGNED

Hi everyone,

Picture day is Thursday May 28. Please dress your child in their nicest outfit (no logos, please) and bring a comb. We'll take individual and class photos between 9:30 and 10:30am.

Order forms went home in your child's folder yesterday — return by Friday with payment.

Sunridge Team ❤️
